FROM: Paula K. Shireman, MD, MS
      Vice Dean for Research, School of Medicine
      Professor of Surgery

DATE of EVENT: Wednesday, November 28, 2012

REFERENCING: 2012 Medical Student Research Day

Please mark your calendars and show your support by attending the 2012 Medical Student Research Day on Wednesday, November 28, 2012. This event is open to all faculty, students, staff and guests.

All medical students are invited to participate in this event by submitting a research poster.

The purpose of Research Day is to provide medical students an opportunity to present posters based on their research. This provides the students, mentors, judges and other faculty an opportunity to discuss the students’ research. The posters are judged by faculty from various UTHSCSA schools.

The following is a schedule of the day’s events:

9:30AM-11:30AM  Poster judging, Holly Auditorium
1:30PM-3:30PM  Public viewing of the posters, Holly Auditorium.
4:00PM-5:00PM  Daniel Hale, MD, Distinguished Lecture, 3.102A, MS1-Lecture Hall
5:00PM-5:30PM  Presentation of awards
A reception will follow in the Lecture Hall Commons area.

Your help in publicizing this event is greatly appreciated. We hope you will encourage your students, staff, and faculty to attend.

Medical Students who would like to present a research poster in this event may contact Rita Sisneros at Sisneros@uthscsa.edu by September 1, 2012 for more information.
